The Department of Physics and Astronomy at the University of Iowa is seeking a full-time Visiting Assistant Professor for the 2019-2020 academic year, with the possibility of renewal (up to a maximum of three years) pending collegiate approval and demonstration of excellence in teaching.

The successful candidate will teach large-enrollment courses in introductory astronomy and introductory physics. The normal teaching load, contingent upon enrollments, is four courses per year (at least a minimum of 12 s.h.). Required qualifications include a Ph.D. in physics, astronomy, or a related discipline (which must be in hand by the time of appointment), a strong commitment to effective teaching and mentoring students, excellent communication skills, and a commitment to working towards a welcoming and inclusive environment.

To apply please go to the Jobs@UIowa website (https://jobs.uiowa.edu) and refer to requisition number 73717. Applications much include: a letter of interest, curriculum vitae, statement of teaching interests, and the names and contact information of three references. Applications should arrive prior to August 2, to receive full consideration.

The Department and the College of Liberal Arts & Sciences are strongly committed to diversity and understand the link between diversity and excellence in education. We embrace our responsibility to create a welcoming and inclusive campus culture so that all community members are able to unlock their own potential and be prepared for their future. All qualified applicants are encouraged to apply and will receive consideration for employment free from discrimination on the basis of race, creed, color, national origin, age, sex, pregnancy, sexual orientation, gender identity, genetic information, religion, associational preference, status as a qualified individual with a disability, or status as a protected veteran. The University of Iowa is an equal opportunity/affirmative action employer.
